

GREENi Ambassador and European Tour winner Peter Lawrie

GREENi Golf app features

- Rangefinder (distances to front, center and back of green)
- Course guide
- Scorecard
- Shot recorder
- Walking distance

Review, enrich and share

After your round review, edit and share your individual shots, score history, statistics, driving distance, walking distance, walking route, round time and many other features all available for free online at GREENi.com

Pace of Play Management

The GREENi Golf app helps the golf course measure, monitor and manage the pace of play. Every golfer using the app will provide the club with real-time information about how fast or slow the golf course is playing on any particular day.
